
Master the entire world of Pokémon™!

There is a world, much like our own, where strange and magical creatures called Pokémon coexist with humans. Though most Pokémon live in the wild, a young person might embark on a training expedition to master the skills required to acheive the awesome position of Pokémon Trainer!

To date, the existence of 151 different varieties of Pokémon have been confirmed. Each kind of Pokémon possess their own special powers, which a skilled trainer can harness to capture even more Pokémon. The more Pokémon that a trainer masters, the closer they are to becoming the greatest of all trainers—a **Pokémon Master**!

But this is not an easy task! To learn the ways of Pokémon, a trainer must be patient and treat them well. Only then will they respond, and only then will a trainer become a great Pokémon Master!
